

Jason Muise

Emergency Nurse

Self-driven Army Medicine Leader with a depth of experience spanning planning and execution of operational medicine to strategic-level integration of health service support. Currently seeking to enhance and progress the application of evidence-based medicine in austere pre-hospital environments while enabling Commanders to deploy, fight, and win in any environment, no matter the extreme.

WORK EXPERIENCE

Executive Assistant, G-1/4/6

Office of the Surgeon General and U.S. Army Medical Command

04/2021 - Present

Falls Church, VA

Achievements/Tasks

- Serves as Executive Assistant to the Deputy Chief of Staff, Support (G-1/4/6) encompassing a portfolio covering Personnel, Medical Logistics, Information Management and Information Technology, Talent Management, Graduate Medical Education, and Civilian Human Resources.
- Provides staff analysis on all products sent to the Senior Official; coordinates with numerous agencies, major commands, HQDA, and sister Services to ensure the Principal can inspire change on behalf of Army Medicine.
- Assisted and facilitated the General Officer's ability to provide a clear, innovative, strategic direction, fostering a climate of trust, transparency, and teamwork supporting the Army Surgeon General's intent amidst organizational transformation.

WORK EXPERIENCE

Detachment Commander

102D Forward Resuscitative Surgical Team

08/2019 - 04/2021

Fort Lewis, WA

Achievements/Tasks

- Planned, resourced, and executed four high-intensity and high-fidelity field training exercises focused on providing damage control resuscitation and surgery in austere and high threat environments; trained over 400 personnel across three services, 15 units, and five Major Commands.
- Executed a no-notice deployment of a 10-person Austere Resuscitative Surgical Team in support of 1st Multi-Domain Task Force to the island of Anguar in the Republic of Palau, enabling unprecedented high-risk amphibious and air-land training operations.
- Managed Supply and Maintenance programs for over 1,000 pieces of medical and military supplies, equipment, and vehicles valued at over 3.2 million dollars.

Emergency Nurse

47th Combat Support Hospital

04/2019 - 08/2019

Fort Lewis, WA

Achievements/Tasks

- Served as Subject Matter Expert on Austere Emergency Nursing to the People's Army of Vietnam while coaching Emergency Medicine Nurses and Physicians in preparation for a UN Peacekeeping Deployment to South Sudan.
- Provided didactic and hands-on instruction to 68W Combat Medics and Emergency Nursing personnel on Role III Advanced Trauma Life Support operations in austere and resource-limited environments.

Charge Nurse

Emergency Dept., Madigan Army Medical Center

06/2018 - 04/2019

Fort Lewis, WA

Achievements/Tasks

- Developed comprehensive Trauma Training and Quality Improvement Program for the Madigan Emergency Department, lauded by American College of Surgeons Trauma Center Evaluation team.
- Provided over 1,200 hours of expert Emergency Nursing care to over 1,000 patients in the Madigan Emergency Department while leading Emergency Nursing Staff in a busy Level II Trauma Center to care for over 180 patients per day.

Brigade Combat Team Nurse

2-2ID SBCT, 7th Infantry Division

08/2015 - 06/2018

Fort Lewis, WA

Achievements/Tasks

- Synchronized and coordinated the efforts of both internal and external Health Service Support platforms including medical treatment and evacuation to deliver care to over 1,000 real-world patients and notional casualties at the National Training Center.
- Oversaw coordination and execution of garrison healthcare for 2-2ID SBCT, a population of 4,274 Soldiers, leveraging seven Battalion Aid Stations, one Soldier Centered Medical Home, 10 DA Civilians, and 237 organic medical personnel for over 40,000 encounters.
- Served far above expected scope of practice as the Battalion Surgeon for 1-17IN during INDOPACOM exercises in the Philippines and Indonesia. Evaluated, diagnosed, and treated over 120 real-world casualties in an austere and resource-constrained environment. Delivered expert Enroute Critical Care for two unstable patients.

Staff Nurse - TF 31 MED NKAIA

31st Combat Support Hospital

06/2014 - 11/2014

Kabul, Afghanistan

Achievements/Tasks

- Performed over 714 hours of patient care for over 35 ICW patients, 55 Emergency Patients, and six catastrophically wounded casualties during two mass casualty incidents in support of NKAIA Role 2E and TF 31 MED mission.
- Coordinated, sourced, and executed TC3 training for ISAF SOF and Turkish Navy Special Operations EOD teams leading six instructors from three departments; enhanced mission capability and survivability of NATO SOF personnel.

WORK EXPERIENCE

Charge Nurse

Brooke Army Medical Center

08/2011 - 07/2015

Fort Sam Houston, TX

Achievements/Tasks

- Provided over 2,000 hours of patient care across varying ages and acuities spanning multiple departments including Surgical Telemetry, Trauma PCU, Medical PCU, Burn PCU, Emergency, Urgent Care, and Orthopedics.
- Served as Charge Nurse on both Surgical Trauma and Surgical Telemetry wards leading twenty nursing staff to deliver expert medical care to traumatically injured and post-surgical patients on a 28-bed ward in the Department of Defense's only Level I Trauma Center.
- Delivered over 1,000 hours of instruction to over 400 Army and Air Force medical personnel on a variety of topics to include field medical operations, CBRNE and HAZMAT patient treatment and decontamination, MASCAL Response, marksmanship, and tactical combat casualty care.
